

Questionnaire

Copying information

- To Upstream:

The blob $\{e://Field/blob\}$ named $\{e://Field/ufile\}$ in the repository $\{e://Field/upstream_url\}$ has been created on $\{e://Field/udate\}$ by commit $\{e://Field/ucommit\}$

- To downstream:

The blob $\{e://Field/blob\}$ named $\{e://Field/dfile\}$ in the repository $\{e://Field/downstream_url\}$ has been added on $\{e://Field/ddate\}$ by commit $\{e://Field/dcommit\}$.

This blob file has been created in repository $\{e://Field/upstream_url\}$ on $\{e://Field/udate\}$ by commit $\{e://Field/ucommit\}$

1. Did you create this file or copy it from somewhere?
 - a. Created
 - b. Copied

If created:

1. What is the purpose of this file?
2. Why do you think someone might benefit from using it?
3. Is it part of a group of files which should be copied together or is it useful as a stand alone file?

If copied:

1. Was it the repository we mentioned? If not, where did you copy it from?
 2. How did you become aware of/found this file?
 3. To what extent were you concerned about potential bugs in this file? (1 to 10)
 4. How important is it for you to know if the original file has been changed? (1 to 10)
 5. How likely would you use a package manager which could handle changes to this file if there was one? (1 to 10)
-
2. Why was this file needed? How did it help your project?
 3. To what extent did this file help you? (1 to 10)

General Information

1. Are you willing to participate in potential follow-up questionnaires or interviews?
 - a. Yes
 - b. No
 - c. Not sure
2. Is the project in which this file resides intended to be used by other people?
 - a. Yes
 - b. No
 - c. Maybe

If yes:

- a. For whom?
- b. Are there alternatives to using your resources?

- c. How should others use your resources? (e.g. importing packages, copying files, etc.)
3. Is this project still actively used?
4. What is the purpose of this project? (e.g. personal, school project, business/work related project, etc.)
5. Do you maintain this project mostly for your own use or for others?
6. What is your association with this project?

Background

1. How many years of experience do you have in programming?
2. How many projects were you involved in professionally?
3. What is the programming language you mostly work with?
4. How do you estimate your current expertise in this language? (1 to 10)
